

789-32 Door Restrictor Fitting Instructions

Installing a Door Restrictor

To fit a Door Restrictor you will require the following tools:

- Screwdriver
- Bradawl (or drill with 2.5mm drill bit)
- Pencil

- Select position for Door Restrictor.
- Mark screw holes for the restrictor on door. Screw into position.
- Position hook on door frame level with restrictor ensuring restrictor sits over hook and screw into position.

Additional Information

Operation - Push the restrictor over the hook to restrict the door opening. Pull back restrictor away from door to enable the door to open.

Crime Prevention Tip - Always engage door restrictor and ask for identification before opening the door to strangers.

Safety Tip - For additional safety we recommend the use of an ERA 160° Door Viewer (Ref: 786) or ERA 180° Door Viewer (Ref:784).

Maintenance - Use a moist cloth only, household abrasives or solvents may affect surface finish.
