

Horus

Sliding door system for wardrobes

Max. door weight 45kg. Door thickness 16-40mm

Features

Horus is a top hung sliding door system for wardrobes. It can be used with 2 or 3 wood/laminate doors with a weight of up to 45kg.

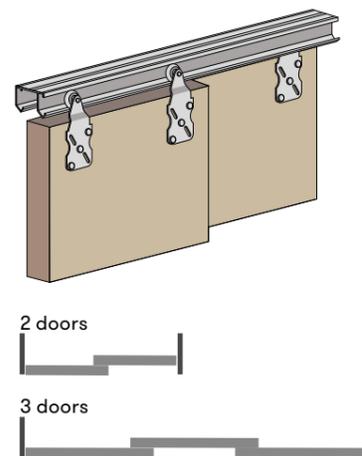

The Horus system is ideal for residential and light commercial applications.

NEW: A silent stopper option for Horus is now available to ensure quiet action at all times.

- Strong wheel sets are mounted on ball bearings for extra smooth and quiet running
- Clear polycarbonate bottom guide - virtually invisible when installed
- Extra Door Kit (without track) available for additional door
- Tested to over 100,000 cycles

Ares 2

Sliding door system for wardrobes

Max. door weight 70kg. Min door thickness 16mm

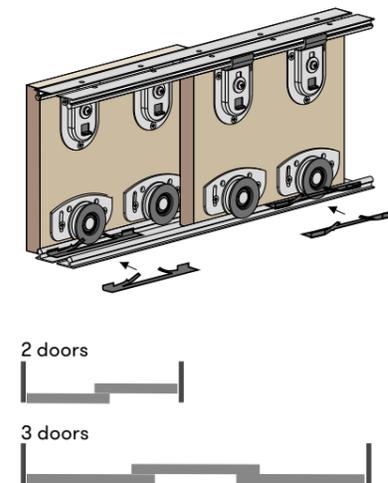

Features

Ares 2 is a versatile twin track sliding door system for wardrobes. It can be used with 2 or 3 wooden, MDF or laminate doors with a weight up to 70kg. The Ares 2 system is ideal for heavier duty doors in residential and light commercial applications.

- Double aluminium track top and bottom means positioning can be adjusted for different door thicknesses
- Strong bottom fixed rollers are mounted on ball bearings for extra smooth and quiet running
- Adjustable top mounted guides for easy regulation
- Optional Door Gear Kit (without track) SD/AR01 available for additional door
- Tested to over 100,000 cycles
