

# Heat Reflective Tape

**Key Features:**

- Heat Reflective Aluminium Tape will protect worktop hob cut outs from radiant heat.
- Heat Reflective Aluminium Tape is a 30 micron aluminium foil, coated one side with acrylic, pressure sensitive adhesive. The tape is backed with strong polythene coated release paper.
- Flame retardant
- High temperature resistance
- Easy tear
- Easy unwind
- Water resistant
- Aggressive adhesive

**Directions for Use:**

Peel off the backing paper and adhere to the edge of worktop hob cut outs before installing hob.

Fold any excess tape under worktop.

**Consumer Benefits:**

A necessary product for all new kitchen/hob installations.

**Retailer Opportunity:**

Sell with every new hob installation.
